

MOBILE DEVICE CHARGING AND STORAGE SOLUTIONS

BUYER'S GUIDE

WHY BLACK BOX?

Black Box's award-winning charging cart solutions help you expand and enhance education technology in your school with advanced features that lead the market in affordability, security, safety and time-savings. Whether you're a teacher, IT tech or administrator, Black Box Charging and Storage Solutions make your life easier. You'll find all you need for charging, storing, syncing and transporting Chromebooks®, laptops, iPads®, tablets and other mobile devices.

WHY BLACK BOX IS BETTER

- Unbeatable value
- In stock, ready to ship
- Rugged steel construction
- Rapid wiring system
- Safety first design
- Multiple charging options
- Lifetime warranty, three years on electronics

CHARGING OPTIONS

Basic Charging—includes one PDU for every shelf that plugs into a distribution box. The distribution box plugs in the wall.

Standard Charging—cut charging time by 25% with our new standard timer. It also prevents breakers from tripping and damaging devices. Choose which groups of devices to charge and how long to charge them, from 5 to 60 minutes.

Intelligent Charging—detects and charges groups of low-battery devices first while reducing energy consumption. Power cycling prevents circuit breakers from tripping and damaging devices.

Sync and Charge—mobile devices for data transfers and software updates.

GDS® Wireless Charging System—eliminates power cords, making distributing devices during class faster. IntelliSkin™ cases protect devices. Individual LEDs indicate charging status.

MOBILE CHARGING CARTS

BASIC CHARGING CARTS

- 30 to 36 devices
- Basic charging system
- 3" heavy-duty casters
- No front cable management (must upgrade to Standard)
- Keyed or hasped (optional)

\$

BASIC CHARGING CARTS - PG 5

STANDARD CHARGING CARTS

- 30 to 36 devices
- 5" heavy-duty casters
- Basic charging (included)
- Standard charging (optional)
- Intelligent charging (optional)
- Keyed or hasped (optional)
- Front cable management (optional)
- External power (optional)

\$\$

STANDARD CHARGING CARTS - PG 6

DELUXE CHARGING CARTS

- 30 to 48 devices
- 19/23" universal IT racking
- 5" heavy-duty casters
- Standard charging (base)
- Standard front and rear cable management
- Intelligent charging (optional)
- Wireless charging (optional)
- Sync and charge (optional)
- Keyed or hasped (optional)
- External power (optional)
- Basket distribution (optional)
- Sliding front door (optional)

\$\$\$

DELUXE CHARGING CARTS - PG 8

WALLMOUNT, MODULAR AND MASS CHARGING STORAGE

WALLMOUNT CHARGING LOCKERS

- 9, 10 and 12 device options
- Multiple configurations
- Wireless charging (optional)
- Sync and charge (optional)
- Keyed or hasped (optional)

\$

WALLMOUNT CHARGING LOCKERS - PG 10

MODULAR CHARGING LOCKERS

- 10, 20, 30 or 40 devices
- Modular system
- One locker holds 10 devices
- Rear cable management
- Up to four lockers can be stacked
- 19" universal IT racking
- Front cable management (optional)
- Podium work top (optional)
- 3" casters (optional)
- Tablet syncing/charging (optional)

\$

MODULAR CHARGING LOCKERS - PG 11

MASS CHARGING CABINETS

- 60 to 96 devices
- Tablets, Chromebooks or laptops
- Fully welded frame
- Can hold up to 2,200 pounds
- Intelligent charging (optional)
- Sync modules (optional)
- Power-controlled charging (optional)
- PVC-coated shelf dividers (optional)
- Padded shelf liners (optional)
- Front cable management bars (optional)

\$\$\$

MASS CHARGING CABINETS - PG 11

RAPID WIRING SYSTEM

HOOK AND LOOP MANAGERS HOLD POWER BRICKS

BEST-IN-CLASS MOBILE DEVICE STORAGE AND CHARGING SOLUTIONS

STANDARD OPTIONS

- Ruggedized steel construction
- Welded frame
- Small footprint
- Basic charging system
- Rapid wiring systems
- Safety-first design

- Sync and charge (optional)

FRONT

SIDE

TOP

Whether you're a teacher, IT tech or administrator, Black Box Wallmount Charging Lockers are engineered to save your floor space—and your budget. Ideal for smaller classrooms, offices and training environments that are short on space. The lockers hold 9, 10 or 12 devices based on model. They also give you the versatility to mount multiple lockers together for more storage options. Adjustable 19" rackmount rails enable you to mount other IT equipment, too. Plus, the 100% steel lockers hold up to 150 pounds and are guaranteed for life.
