

Product Data Sheet

20-Device iPad® and Tablet Cart, Single Frame with Small Shelves and Sliding Door

Benefits

- The “buy it once own it for life” flexible racking technology allows your cart to change as your devices change.
- The safety first design greatly helps reduce potential injuries or accidents.
- The rapid wiring system reduces the time to deploy by as much as 75%.

Features

- Store, secure, transport, and charge any combination of up to 20 Kindle, Nook, iPad, iPad Mini, or 7" tablet devices.
- Two removable 10-slot shelves enable flexible configuration.
- Swap out the shelves for laptops, notebooks, tablets, and e-readers, or for other equipment and storage options.
- Single Carts hold more in a smaller footprint.
- A usable working surface serves as a podium or writing surface.
- Cart cycles power via the included UL® approved timer and power strip.
- The always-on internal user outlet keeps users safe from the potential danger of electric shock.
- Includes durable all-steel chassis and locking doors for security.
- Vented panels and doors keep equipment cool.
- Cable management bars and power wraps maintain order.
- Optional drawers and shelves accommodate DVD players, printers, projectors, and other peripheral devices.
- Casters (5" heavy-duty) provide unrestricted and easy movement with controlled steering and functionality.
- Ships fully assembled.
- Users can access devices from the front of the cart, and IT administrators from the back.
- Push/pull handle on cart doubles as a power cord wrap.

Why Black Box

- Black Box is one of the leading providers of carts and lockers in the world. Founded in 1976, Black Box is publically traded and does more than \$1 billion in annual sales.
- Every cart includes our lifetime, no-questions-asked warranty (electronics three years). It covers just about everything and includes accidental damage. We don't hide behind limited liability warranties that cover very little.
- Black Box offers a wide selection of standard and custom cart solutions. Black Box has extensive production capacity and maintains large inventories for immediate shipments.
- Ruggedized, heavy-duty carts are guaranteed to last a lifetime. Black Box carts are the heaviest and most durable carts on the market.
- Our carts give you the best value and lowest lifetime cost based on life-use expectancy.

20-Device iPad and Tablet Cart (UCCSS20T) Product Data Sheet

Standard Features

Standard rack mounting allows greater flexibility.

Sliding, "pinchless" door saves space.

Power brick lacing stores power bricks easily and neatly (medium- and large-shelf models only).

Durable push/pull bar and power cord wrap.

Rackmounted shelf with rolled stainless steel device slots that help prevent scratches.

Locking front door and rear access panel.

Two-piece cable managers open easily for fast cable routing.

Laminate top provides extra working space.

Options

Optional integrated pop-up power port for maximum safety.

Optional drawers and shelves available.
