

Create. Connect. Collaborate.

Imagine idea sharing without barriers. With **Coalesce™**, any number of users can wirelessly connect, share, and control content from any device. Your path to smarter collaboration starts here.

 **BLACK BOX®**

Coalesce

Wireless, Real-Time Collaboration

Create, connect, and begin true collaboration with Coalesce. Everyone's ideas are a few clicks away.

Unlimited Users, Any Device

Allows an unlimited number of users to share ideas using a laptop, tablet, iOS, or Android device.

Unlimited Shared Items

Each connected user can share an unlimited number of items simultaneously.

Dual-Network Mode

Connect over wired, wireless, or dual network. Let users collaborate without sacrificing network security.

Open or Moderated Collaboration

Allow users to connect and share items freely, or approve and reject items in moderated access mode.

Enterprise Remote Management

Use Coalesce Central to monitor and manage any number of Coalesce devices from a centralized, intuitive dashboard.

4K UHD Support

Coalesce supports displays of any resolution, including 4K UHD.

Black Box Advantage

Enjoy free 24/7 tech support and a 45-day money back guarantee.

“ You can't beat a company that is staffed with experts who will help you get your project off the ground the right way. ” Dragan Lazio, IT Administrator
