SAVE BIG WITH THE KVM TRADE-IN PROGRAM

TRADE-UP TO A NEW VIRTUAL DESKTOP KVM SYSTEM

If you have an existing BlackBox DTX or Avocent HMX KVM matrix switch system and are thinking about upgrading or expanding your infrastructure, now is the time to act.

Until March 31, 2017, you can realize significant savings on every InvisaPC. This virtual CPU solution helps you bridge the gap between conventional IP-based KVM switching and the hybrid world of physical and virtual nodes. And it integrates easily with your existing DTX/HMX infrastructure. Better yet, you'll get a migration path that you can control based on your budget and time frame.

REGISTER NOW
Register to trade-in or trade-up your legacy KVM system at BLACKBOX.COM/KVMTRADEIN.

INVISAPC COMPARISON CHART			
VIDEO HEADS	TRANSMITTER	RECEIVER	PART #
SINGLE	•		DTX1000-T
SINGLE		•	DTX1000-R
DUAL	•		DTX1002-T
DUAL		•	DTX1002-R
SINGLE, CONTROLLER UNIT		•	DTX1032-R

FREE SOLUTION PLANNING
Not sure which KVM system is right for you or where to start in terms of system migration and planning? Call one of our application engineers at 877-877-2269 to discuss your requirements. We'll put together a system that meets your exact needs. And the design service is absolutely free.

IN-HOUSE DEMO
Take your new KVM switching and extension solution for a test drive. We'll be glad to schedule a demo for your specific solution.

SEE THE SAVINGS
• SAVE $100.00 ON EVERY SINGLE-HEAD UNIT
• SAVE $125.00 ON EVERY DUAL-HEAD UNIT

SOFT MIGRATION
Enables soft migration from desktop computing to virtual computing without sacrificing performance.

SCALABLE
Start small with point-to-point extension and grow to a matrix switching system.

APPLICATIONS
The InvisaPC is well suited for use in mobile broadcasting, graphic design, education, manufacturing, and engineering.

DTX TRADE UP				
AVOCENT/EMERSON CODE	BBOX CODE		INVISAPC	SAVINGS
HMX1070	DTX5001-R	→	DTX1000-R	$100.00
HMIQSHDI	DTX5001-T	→	DTX1000-T	$100.00
HMX2050	DTX5002-R	→	DTX1002-R	$125.00
HMIQDHDD	DTX5002-T	→	DTX1002-T	$125.00

SAVE BIG WITH THE KVM TRADE-IN PROGRAM

TRADE IN YOUR OLD ANALOG SWITCHES FOR A NEW DIGITAL KVM SYSTEM

Until March 31, 2017, you can save a bundle on a new digital KVM matrix switching system. Just trade in your legacy, analog Black Box Octet KVM or Avocent AMX switches which are end of life and can't be upgraded or replaced. If you're tired of trying to get more life out of your old analog systems, now's the time to act, especially if you're investing in new computers and high-def digital monitors.

These scalable, flexible KVM matrix switch systems include everything you need to set up a complete system.
• KVM MATRIX SWITCHES
• DIRECT CONNECT AND IP-BASED CAPABILITIES
• SYSTEM INCLUDES VIRTUAL CPUS, MATRIX SWITCH, AND ETHERNET NETWORK SWITCHES

GO GREEN
Why worry about eco-cycling. We'll take your legacy equipment and safely e-cycle it.

REGISTER NOW
Register to trade-in or trade-up your legacy KVM system at BLACKBOX.COM/ KVMTRADEIN.

FREE CONSULTATION AND SYSTEM DESIGN
Not sure what is the right KVM system for you or where to begin in terms of system migration and planning?

Call one of our application engineers at 877-877-2269 to discuss your requirements. We'll work with you to put together a system that meets your exact needs. Best of all, the consultation and design service is absolutely free.

IN-HOUSE DEMO
Take your new KVM switching and extension solution for a test drive. We'll be glad to schedule a demo for you.

SCALABLE, FLEXIBLE SWITCHING
The DKM gives you scalable, flexible, and instantaneous matrix switching of full HD video in KVM enterprises.

VIRTUALIZED CPUs
The InvisaPC gives you the ability to connect users to virtual and physical CPUs over your LAN/WAN.
