

WHEN YOU NEED THE WHOLE GROUP TO GET INVOLVED

SMART COLLABORATION JUST GOT SMARTER

Collaboration—not just presentation. With Coalesce, any number of users can wirelessly connect, share, and control content from any device. Use Coalesce to encourage involvement, drive collaboration, and increase productivity. It's easy to setup and even easier to use. Participants can share within seconds and start real collaboration in conference rooms, classrooms, and huddle spaces.

WIRELESS, REAL-TIME COLLABORATION

Create, connect, and begin true collaboration. Everyone's ideas are just a few clicks away, ready to be shared instantly with others.

UNLIMITED USERS, UNLIMITED IDEAS

Coalesce enables an unlimited number of users to share an unlimited number of ideas simultaneously.

BRING YOUR OWN DEVICE

Live stream desktop, apps, docs, images, and videos from any laptop, tablet, iOS, or Android device.

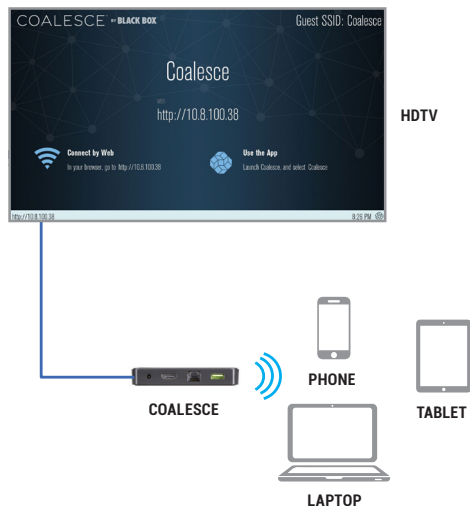

DUAL-NETWORK MODE

Connect wirelessly, over a wired network, or both simultaneously. Plus, users can collaborate without sacrificing network security.

ENTERPRISE REMOTE MANAGEMENT

Monitor and manage any number of Coalesce devices from a centralized, intuitive dashboard.
